Inno✓8 ISM

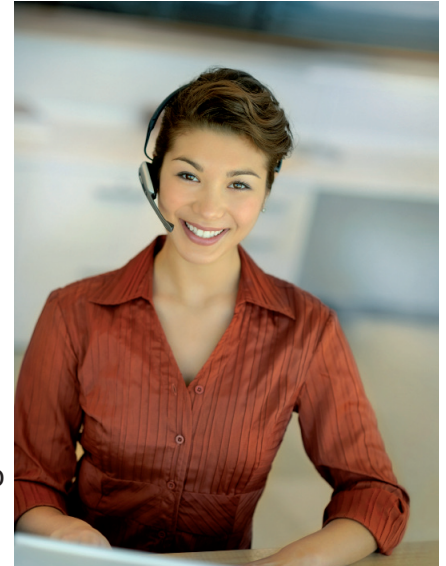

Introduction:

ISM is the next generation commercial system designed to take your existing accounts system to the next level. Purpose designed for distribution companies operating in the FMCG industry, ISM will extend your existing system and give you the information you need to run your business.

Utilising the latest technology ISM can reduce paperwork, increase accuracy and improve management information. ISM is supplied in an easy to learn and simple to use application which quickly delivers a real return on your investment.

ISM can manage the whole business process from stock purchase, telesales, order processing, van loads and much more. It is even possible to add driver handsets to give a complete, integrated system to take your business even further.

ISM's integration functionality means it can be seamlessly and simply integrate into your existing accounts system. With no convoluted export routines ISM enables you to work quickly and confidently without worrying about data loss or conflicts.

Benefits:

ISM's comprehensive POP screen

The ISM system has been designed from the ground up to be a next generation, modular system. This enables you to use the core system and then let it grow to suit your future needs.

Due to the use of industry standard programming techniques ISM is also designed to be very flexible and can be extended to meet the exact needs of your business. Unlike proprietary systems ISM is truly a system that you will never outgrow.

Inn Range

Standard Features

Customers

ISM has been designed to be flexible, easy to use and scalable. Because of this we have a wide range of customers across almost 40 sites running ISM standalone or as part of our InnVan system.

Customers currently benefitting from the ISM solution as a stand alone system include; Thompson Buxton and Ron Chalker. However in addition many other businesses such as RHM (Premier foods), Dairy Gold, Northern Foods, Freshfayre and Eric Twigg Foods are using the ISM product as part of their InnVan installation. Each company was impressed by our industry specific application and many act as reference sites to show how Innov8 have worked with them.

By concentrating on customer needs we have successfully built up a loyal base. We are expecting to grow our base over the following 12 months as word spreads of this exciting product.

Why Choose Innov8

Innov8 Technology Group are a one stop shop for all your IT needs. Based in England, Ireland and Scotland we are able to implement anything from a small scale finance solution for your business to company wide infrastructure solutions.

Our determination to deliver high quality solutions with excellent support has enabled us to build a loyal customer base and a bright future:

"Established for 19 years, the company could be said to be 'stagnant', but Innov8 technology has taken us to the forefront of our competitors, and now towards the end of our 21st year we have increased our turnover by a third."

**Deb Thompson, Managing Director
- Tomson Buxton**
